

**YOUNG VISITORS . . .** Torrance students were among the first to see the Los Angeles County Heart Association "Sight and Sound" display at the California Museum of Science and Industry in Exposition Park. Opened last week, it will be on display for the next two months in conjunction with Heart Fund month. Attending from Madison Elementary School were, front to back, Kathy Mautaffey, 8; John Smith, 10; Dennis Gratton, 9; and their teacher, Mrs. Mary Farmer.

### Tartar Teen Talk

By Pam Flemming

After classes Friday, January 29, there was a large group of students clustered around the Activities Office of Torrance High School. There were no rooster bust tickets for sale and no posters were being approved. They were not there for the usual purposes. No, it was something special. Anyone could tell from the excitement in the air and the quiet, hopeful anticipation of the crowd.

Inside, members of the California Scholarship Federation were occupied counting ballots. All ASB voting was done. Final tallying was in process. With the final tabulation made, a sheet was held up to the window and fastened on with masking tape.

**RESULTS OF the ASB elections:**  
 Student Body President, Alvin Sasuga; Vice-President, Roger Webb; Commissioner of Records, Rebecca Goldstein; Commissioner of Finance, Nanci Barnard; Commissioner of Group Control, Pat Meyer; Girls' League, President, Rosemary Galanda; Commissioner of Publicity, Robin Bingham; Commissioner of Athletics, Eddie Watson; Commissioner of Pep, Ginny Homans; Student Court Judge, Bobbie Homans.

Congratulations to the new officers! These students will form the spring semester of student council. At THIS Leadership is a class designed to further student government. Every ASB officer is required to enroll in the course during his term of office. During the class, council holds weekly meetings and directs activities on campus.

The newly elected class presidents will also serve on the board, as representatives of their classes. Results of the run-off election for sophomore class president have

been announced. Mary Boughten was re-elected to lead the Class of '67. Other presidents are: Pam Flemming, senior class; Judi Rynhart, junior class; and Coleen Long, freshman class.

**THE FOLLOWING** proposed amendment to the Student Body Constitution has been drafted by Student Council. It reads: "Torrance News Torch Editor: Shall act as a liaison officer between Student Council and the Torrance News Torch and assist the Commissioner of Publicity in promoting and publicizing school activities, programs, and policies. Qualifications: Shall be an appointed officer, without voting privileges, but will be expected to participate in discussions on Student Council, and serve on committees."

The proposed amendment will be posted for ten days. It will then be submitted to Student Congress for approval.

The TNT editor has served on council on an experimental basis for the last three semesters. The arrangement has worked well and we are now seeking to establish the editor as a permanent officer.

**TARTARS CAME** through once more with flying colors at the El Segundo Gym Friday night. The basketball "Five" scored 64 points against the Eagles, who totaled 53. Sophomore Bart Johnson was top scorer with 15.

The JV team also emerged victorious. Final score was 62-58.

Tartars will be treated with early school adjournment this Friday. Report cards must be completed by faculty members that afternoon. School will be shortened to 12:30.

### Pilot Program Approved

## Torrance High to Add Nursing Skills Class

Nursing skills will be introduced into the curriculum at Torrance High School this month in a pilot program following action by the Board of Education Monday evening. The trustees voted to approve the course outline developed by Dr. Albert Posner and his staff in the instruction department for use during the spring semester. Following the close of school in June, the course will be evaluated by the school staff to determine if it will become a permanent part of the high school program.

The nursing skills course is designed to provide students with a knowledge about the basic skills of nursing and to prepare students for work as a nurse's aide upon graduation.

Dr. J. H. Hull, superintendent of schools, said the course is one of several being offered in Torrance to provide vocational skills for students.

In other action, trustees approved investigation of a voluntary tax sheltered annuity program which would be offered to teachers and other certified employees. The Torrance Education Association, representing certified employees in the district, asked for the study.

Approved investigation of a voluntary tax sheltered annuity program which would be offered to teachers and other certified employees. The Torrance Education Association, representing certified employees in the district, asked for the study.

Authorized the state attorney general to represent the school district in negotiations with hardware suppliers for a settlement of pending action.

Authorized the sale of \$185,000 in school bonds. The bonds will be sold on March 9.

### Shirley Chilton Elected To Board for Stock Firm

For the first time in its history a major firm of the New York Stock Exchange, Hayden, Stone Incorporated, admitted a woman executive to the firm with an announcement that Shirley R. Chilton of Palos Verdes Estates has been voted a stockholder by the board of directors. She was admitted to the New York Stock Exchange as an allied member Jan. 18. The firm, established in 1832, has 67 offices throughout the world and is one of the largest brokerage firms in the United States.

Joseph A. Field, junior vice president and Western Division executive officer for Hayden, Stone, said that the decision was by the board of directors in recognition of Mrs. Chilton's outstanding contribution to the firm and women investors on the West Coast.

Mrs. Chilton, who has been a member of the West Coast executive committee for the past year, has been associated with Hayden, Stone since 1955. She started her career in the brokerage business in the firm's San Fernando Valley office in Sherman Oaks. She became manager of the Palos Verdes Estates office in 1959 and the Rolling Hills office in 1962. She had previously been corporate secretary for a San Francisco and Seattle electric distribution firm.

Her new capacity, Mrs. Chilton will be director of training, advertising and public relations for the Western Division.

She is the wife of F. Roy Chilton, a business consultant, and has three sons. She was president of the Palos Verdes Peninsula Chamber of Commerce and a member of the New York Stock Investors Information Bureau. She was one of the principal speakers for the Los Angeles Times Investor's Forum at the Shrine Auditorium.

### Membership Drive to Open Feb. 9

The membership drive of the South Bay Community Association will begin Feb. 9 and continue through Feb. 13 with headquarters at the Redondo Beach Elk's Club, 315 Esplanade, according to Mrs. Allen Hofferber, drive chairman. Hours will be from 10 a.m. to 4:30 p.m. Tuesday through Friday and 10 a.m. to 2 p.m. Saturday.

All concerts are presented by the Mira Costa High School Manhattan Beach by the non-profit organization organized to bring the world's finest artists to the area.

Membership dues for the series is \$7 for adults and \$3.50 for students through high school. No tickets are sold. Membership cards are honored also for admittance to other community concert associations without charge.

### To Attend Conference

Eleven elementary principals in Torrance have been granted authorization to attend the 1965 state conference of Elementary School Administrators Association in San Francisco. The conference will be held April 11-14. District policy provides that one-third of the elementary principals in the district may attend the state meeting each year. Expenses, estimated at \$175 per person, will be paid by the district.

Principals who will attend the meeting include: Robert D. Allen, Riviera; Henry W. Behrens, Arlington; Mrs. Ellen D. Booz, Fern Greenwood; Edwin R. Brown, Magruder; Richard Brown Jr., Yukon; Dr. Gale R. Coogan, Hickory; William E. Leahy, Carr; Donald F. Mullaney, Wood; John W. Strom, Madison; Ernest E. Thom Jr., Lincoln; and Bobby J. Vassar, Victor.
